CRYSTAL PRINCE

Forget Santa's Lapland this winter and come visit the Crystal Prince instead! The star of this show is a charming and generous guy who takes good care of his visitors – you can win up to 11,500 x your bet!

When the Crystal Prince swings his magic wand around, he can create Golden Wilds and Multipliers. And sometimes he even flies into the Northern Lights and spreads his wealth over the people of his land, so make sure to be around when that happens.

Game Features

Snowfall

Any win will trigger the snowfall feature and expand the reel grid by one row of new symbols. Extra rows are awarded as long as there are new winning combinations occurring, with up to 8 rows. Once there are no additional winning combinations, the total win is awarded.

Blizzard Seal

When the reel grid reaches 8 rows of symbols for the first time, the Blizzard Seal is broken! When this seal breaks, 1-3 Wild Frost Multiplier Wilds will spawn on the reel grid and activate the Blizzard Mode.

Blizzard Mode

When the Blizzard Seal is broken, it will activate Blizzard Mode. This will lock all the winning symbols, and the Wild, Bonus Scatter, and High symbols in place. All unlocked symbols are removed, and the remaining symbols tumble downwards. Extra symbols tumble in to fill the empty positions on the reel grid. The Blizzard Mode will continue as long as there are extra winning symbol combinations.

Wild Frost Free Spins

If you get 3, 4, 5, or 6 Bonus Scatter symbols, you'll be awarded 8, 10, 15, or 20 free spins respectively (in that order). A mix of 1 to 4 Wild Frost Multiplier Wilds and Wild Frost Wilds will be awarded at the start of each free spin. 2 Bonus Scatters re-triggers, awarding 3 extra free spins.

Buy Feature

You can buy instant entry to the Wild Frost Free Spins for 60x bet! Buy Feature RTP is 96,51%. The Bonus Buy feature may not be available in all markets.
