QUICKSPIN

Game Features

Hot Sync Respin

Two or more Hot Sync wild symbols landing in the same spin will trigger the Hot Sync respin feature.

During the respin, triggering reels are hot and throw additional wilds into the reel to initiate another respin. The feature continues until no additional Hot Sync wild symbols land.

Free Spins

Three bonus scatter symbols on a single spin will initiate eight free spins. Bonus scatter symbols can appear on reels 2,3 and 4. During free spins, any Hot Sync wild symbol landing will turn that reel hot for the duration.

Hot reels have additional wilds and are identical. The free spins feature will play until there are no free spins left and can't be retriggered.
