## QUICKSPIN

### Game Features

#### Sakura Fortune Respin

When you get two full stacks of Princess wild symbols, it will trigger the respin feature! The total number of respins relates to the number of wilds on the reels when triggered.

Additional wilds will grant more respins, and the feature ends when no more wilds land.

#### Free Spins

When you get 3 or more consecutive Scatter symbols from left to right in one single spin, it will trigger the Free Spins Bonus game!

During Free Spins, any princess wild symbol that lands on the reels will expand to cover the full reel, and it will remain that way for the duration of the free spin. It will also award an additional free spin.

#### Mystery Nudge

Any time you land two or more Princess wild symbols, there's a chance that they will nudge into a full stack!
