### Game Features

#### Fairy Wild Respins

On any base game spin, there is a chance that the Fairy Wild Respins will trigger, resulting in wild symbols being added to the screen.

If the feature triggers, two extra reels are activated and they remain active until the feature ends. The extra reels contain only fairy orb symbols and are not part of any bet lines.

If one or more fairy orb symbols lands during a spin, 2 to 5 extra wilds are added to the first five reels for each fairy orb symbol, and one respin is awarded. The feature ends when no fairy orb symbol lands in a spin.

#### Super Respin Feature

Three bonus scatter symbols in the same spin will initiate 10 free spins. The extra reels are active until the feature ends and Fairy Orb symbols may land on every spin.

During free Spins the Fairy Orb symbols will award additional wilds but no respin.
