

MAYANA

MAYANA

The legends tell of Mayan gold and there are riches galore to be had in this super sticky game, with its innovative new functionality.

What starts as a 3x3 game which respins on any win, expands into a 3x5 one as the respins keep on coming. Any 3 or more connected symbols will stick, whether in the middle, on the left, or to the right.

There are also multipliers for the respin wins, and a randomly-triggered Mucha Mayana feature, which can add up to a 20 x multiplier to the last golden win!

Game Features

Re-spin

Mayana boasts a fabulous Re-spin Feature which is triggered when a player lands three connecting symbols in a row.

Winning symbols lock before additional matching symbols extend your winning ways by 1x, 2x, or 3x, depending on the combination and expansion of the reel grid.

But that's not all, as the Mucha Mayana Multiplier lies in wait on the final spin.

Mucha Mayana Feature

On the final spin, and if the reel grid has been fully expanded, the Mucha Mayana Feature may also be activated, which sees spins multiplied up to x20.
