

NORTHERN SKY

NORTHERN SKY

In Northern Sky, you gaze upon the stunning sky to catch a glimpse of the prizes on offer, as they glisten in the bright, colourful polar light.

Set in the heart of a fictional rural landscape in northern Scandinavia, the animal-shaped symbols are made out of crystals that light up the sky and offer an avalanche of wins.

The highest paying symbols are shaped like the animals of this northern forest, such as owls, wolves and bears – and the more majestic they are, the more valuable they are. The golden deer is the most majestic of them all, so this is what you want to chase!

This highly volatile 5*3 slot with nine paylines features respins on all wins, plus a Free Spins Bonus game that includes only the highest paying animal symbols!

Any winning combination will trigger the respin feature! All winning combinations will pay and lock in place, and the non-winning symbols will be removed and replaced by new symbols.

Any new symbols that complete, or add to, a winning bet line will lock in place, and then the game will pay and respin again. The respin continues until there are no more winning combinations.
