Game Features

Free Spins

When you get 3 or more Free Spins Bonus symbols in one single game round, you get 10 free Spins! You can always see the number of symbols collected in the Bonus meter. Also, each spin in the Free Spins Bonus has one guaranteed Multiplier Wild symbol (this needs to be part of a winning bet line to add to the win multiplier).

Respin Feature

Any winning combination will trigger the Respin feature! When this happens, all winning symbols will lock in place and the rest of the symbols will respin. Any symbols that add to a winning bet line will be locked, and the game will respin again. The feature ends when there are no more winning combinations, and the total win is paid out when there are no more respins.

Multiplier Wild Feature

Any Multiplier Wild symbol that is part of a winning combination will award a multiplier to all wins in that game round.
