

VOLCANO RICHES

VOLCANO RICHES

The 5x4 slot, set in the Pacific's famous Ring of Fire, pays homage to the Polynesian culture with grass skirts, hollowed-out canoes, and carved monolithic human figures all making an appearance to provide an authentic look.

The gameplay itself sees volcanic Wild Symbols explode when they land on the reels, generating up to five additional Wild symbols in neighbouring positions before the grid is evaluated.

Game Features

Free Spins Bonus

3 Bonus symbols trigger 10 free spins. Volcano Wilds appear on reels 2 and 4.

In the Free Spins Bonus the game pays both ways: Left to Right/Right to Left. There is no re-trigger of additional spins in the Free Spins Bonus.

Volcano Wild Feature

If a Volcano Wild symbol lands, it erupts, generating between 2 and 5 additional Wild symbols in neighbouring positions before the grid is evaluated. It can also generate additional Volcano Wilds, which will also erupt.

Erupting Wild symbols can replace any neighbouring symbol on the grid. Only one Volcano Wild symbol can land during a Base Game spin, which always erupts (with the possibility of retriggering additional Volcano Wilds).

It is not possible to trigger the Volcano Wild Feature and Free Spins in the same Base Game spin.

Maximum of 2 Volcano Wild symbols can land during a Free Spin, which always erupts (each with the possibility of retriggering additional Volcano Wilds).

All Volcano Wilds act independently of each other, except that they will not place erupted wilds (WS) over other erupted wilds.
