Game Features

Baba Yaga

Baba Yaga is an enigmatic witch that likes to show up when you're short of scatter symbols! If she happens to be in a good mood, she will help you progress on your journey.

Every time she appears, she will hide 4 randomly selected adjacent symbols, which will then be replaced in one of two ways:

1. 1 to 3 hidden symbols will be replaced with Bonus Scatter symbols in the base game, or with Progress Scatter symbols in the Free Spins bonus.
2. 1 randomly selected paying symbol will replace all the hidden symbols, which will guarantee you a win!

Free Spins

When you get 3 or more Bonus Scatter symbols, it will trigger the Free Spins bonus game! There are lots of opportunities to be had here, as 3 or more symbols will start 10 free spins at Chest level; 4 or more symbols will start 14 free spins at Hare level, and 5 or more symbols will start 18 free spins at Duck level.

Free Spins Progression

When you collect 3 Progress Scatter symbols, the next multiplier level will get activated! And for every multiplier level you activate, you will get 4 additional free spins.
