Time to go hunting for some bling – our June release is a treasure box filled with diamonds, jewels, and other valuables!

This is super fun and easy to play slot with high definition 3D graphics that pop! Your goal is to fill the screen with valuable objects – and if you lock a full reel along the way, you'll unlock the multiplier (get up to 14x in the base game!).

In addition to the awesome multiplier, this game also boasts free Respins when you get a winning combo, plus a chance to win 5,625 x.

## QUICKSPIN

### Game Features

#### Arcane Lock Mechanics

Any winning combination triggers the Arcane Lock Mechanics, the highest paying symbols lock in place and any other winning combinations are paid immediately. Respin continues until no more of the locking symbols land. The total win is paid out at the final respin.

#### Arcane Multipliers

Filling a full reel with locked symbols awards a random multiplier between 2 to 5. The total multiplier is the sum of all awarded reel multipliers. The maximum total multipliers can be up to x25 if there is a full-screen of locked symbols.
