## DIAMOND DUKE

Classic diamonds, sevens and cherries – Diamond Duke is a real nostalgia trip!

With a look and feel inspired by 1950s jukeboxes, this game will transport you to the heyday of American diners and classic cars with chrome and wings. Why not cruise to the diner for some pancakes and milkshake?

Instead of the usual reels filling the screen, this game has an actual slot machine inside the game! And the symbols, the animations, and the music really make it feel like you're playing an old-school slot.

This 5-line, 3-reel slot boasts high volatility, a super valuable diamond symbol, two bonus wheels, and a Pick & Click bonus for players who like great highs and lows – and you can win up to 8,000 x your bet!

### Game Features

#### Full Grid Win

If you manage to fill the entire reel grid with the same symbol, this will pay out all the lines – plus a spin on the Multiplier wheel!

#### Wheel Features

Any multipliers that you win during the Wheel feature will multiply the entire amount! This means that a multiplier of x5 combined with a multiplier of x10 will multiply the entire win by x50.

#### Bonus Wheel

When you get 2 or 3 Wheel Scatter symbols, you will get a spin on the Bonus Wheel. This wheel will spin and award one of the multipliers (x2, x3, x5, x7, or x10), or the Pick & Click bonus game.

#### Multiplier Wheel

When you get 3 Wheel Scatter symbols or fill the entire reel grid with the same symbol, you get a spin on the Multiplier Wheel. This wheel will spin and award one of the multipliers (x2, x3, x5, x7 or x10).

#### Pick & Click

The Pick & Click bonus game contains coin wins that are based on your bet.

Stage 1: Between x2 and x10 bet.

Stage 2: Between x3 and x15 bet.

Stage 3: Between x5 and x20 bet.

Each stage has a "Collect" option that will end the bonus game if selected. Stage 1 and 2 have an "Upgrade" option that will reset the Pick & Click to the values of the next stage.
