## VAMPIRE SENPAI

Get whisked away to a colourful and prosperous world filled with hopping vampires. You heard right! Our July release is inspired by Chinese folklore, where undead creatures, known as the “Jiangshi”, appear with outstretched arms and stiff posture, preying on humans to absorb their life force.

We’ve placed a more comedic tone on this traditionally dark theme and packed it with plenty of suspense and anticipation. Included is a base game mystery feature, randomly creating 3-9 additional Talisman

Wilds, and it doesn’t stop there. The game gets even darker in Free Spins. After landing one or more Vampire Wilds, the Jiangshi will hop around, sinking their teeth into any Medium human symbol that appears next to them, creating, you guessed it, more wilds!

Appearing on a 5x5 layout, Vampire Senpai boasts invigorating colour combinations, rich graphics, and eye-catching effects that will leave the player thirsty for more!

### Game Features

#### Turning Wild

Any Vampire Wild symbol landing on the reels converts any surrounding Medium symbol into the corresponding Turned Wild symbol. Any Turned Wild symbol also converts any surrounding Medium symbol into the corresponding Turned Wild symbol. The conversion continues if there are surrounding Medium symbols.

#### Talisman Turning Wild

On any spin, there is a chance that 3-9 Talisman Wild symbols appear on reels 1-4. Talisman Wild symbols do not naturally appear on the reels in the base game.

3, 4 or 5 Bonus Scatter symbols award 7, 8 or 9 free spins respectively. Any Vampire Wild symbol landing will remain on the reels for the entire free spins and hop to a random reel position at the beginning of each spin.

#### Talisman Wild

Talisman Wild symbols appear naturally on the reels in the Reanimated Free Spins. Any Talisman Wild symbol landing in the Reanimated Free Spins is locked for the entire free spins. Each Vampire Wild or Talisman Wild landing awards an extra free spin.
