

GUARDIAN OF ATHENS

GUARDIAN OF ATHENS

Pack your toga and travel to ancient Greece with Guardian of Athens – you'll fit right in. Immerse yourself in history and marvel at the magnificent architecture and grand statues. And there's something else to marvel at: the reels are full of gold. Lots of gold.

This game design is a proven concept based on player data from one of our biggest hit games: Eastern Emeralds. The Free Spins mode in particular has been extremely appreciated by players, as they really like the option to choose their own volatility and a max exposure of 16,000x bet.
