SPINIIONS GAME DAY

With their contagious zest for life and carpe diem attitude, your favourite orange creatures are back to fulfil a life-long dream: take part in a big football tournament. Welcome to Spinions Game Day!

Strap on your football boots and enjoy a day packed with colourful confetti, squiggly shapes, and lots of enthusiastic cheering – sport has never been this much fun. This game will charm the socks off even the grumpiest referee and convert anyone into a raging football fan.

This is the third instalment in our Spinions series and our most sticky game to date, with a revamped math model for players who really enjoy the classic features and long sessions.

Spinions Game Day is a 5x3 slot with 25 lines, boasting Passing Wilds Re-spins, a Free Spins Bonus, and a Buy feature (pay to get instant entry to the Free Spins bonus), plus Passing Wilds that move across the reels and increase the Multiplier by +1. We've also boosted the max win significantly, so it's like a jazzed-up version of our previous Spinions games!
