## SCATTER MONSTERS

Do you love festivals or think they're hell on Earth? Well, this festival is hell. Literally.

A warm welcome to Scatterbury, where monsters from all over the world meet up for a legendary 5-day festival. Scatto, as it's commonly known in the Underworld, started as a simple event in 1974 with 1,500 visitors. It's grown year by year and now attracts more than 200,000 culture-loving monsters each year.

Party with zombies, demons, and vampires while you match symbols and fill the Soul Meters with unsuspecting souls. And if you fill the Demon meter you get access to the VIP room in hell, where you can mingle with Satan and other superstars. Maybe you'll even get his autograph?

Scatter Monsters is a 6x6 symbol tumbling game where you fill the Soul Meters to trigger the Color removals, Symbol upgrades, and a Free Spins Bonus with a dynamic Multiplier (the multiplier increases the more unused Souls you have).

This spinferno is a dedicated scatter pay game with a completely new mechanic, hellishly entertaining gameplay, and a chance for some diabolical wins!

This game comes with 3 well-engineered RTP models to suit any market.
