

MINE & MELT

MINE & MELT

Good ol' Lucky Jeb, the man with the strongest nose this side of the animal kingdom. It's said he can sniff out a vein of gold, aka "paydirt", from a mile away. It's a gift that has made him famous from the dusty plains of California's gold fields all the way up to the wild Northern expanse of the Klondike region where we meet him, his amazing gold-sniffing schnozz and his eternal quest for the alluring ore. He's going to find it, mine it and melt it.

Mine & Melt is a 4-high, 4-reel game that comes complete with up to 256 bet ways, the Three Lucky Swedes feature which randomly activates a wild symbol on reels 2 to 4, a Bonus game and a Super Bonus Game both of which come complete with Merge and Smeltdown features.

Game Features

The Three Lucky Swedes
During the base game, before the reels stop, reels 2 to 4 can randomly be converted into a Wild Miner symbol.

Wild Miner Symbols
Any Wild Miner symbol substitutes for all symbols except the Bonus symbols. Wild Miner symbols have a multiplier from X2 to X4 on them.

Bonus Game
If 3 Bonus symbols land anywhere on the reels during the base game, it will activate the Bonus Game. In the Bonus Game you will start with 3 lives and the Bonus Game will end when you have no lives remaining. The lives are displayed on the right-hand side of the reels. The only symbols that can land on the reels during the Bonus Game are the Smeltdown and Collector symbols. Landing either a Smeltdown and Collector symbol anywhere on the reels during the Bonus Game will restore you to 3 lives.

Super Bonus Game
If 4 Bonus Symbols land anywhere on the reels during the base game, it will activate the Super Bonus Game. During the Super Bonus Game you will start with 4 lives and the Super Bonus Game will end when you have no lives remaining. The lives are displayed on the right-hand side of the reels. The only symbols that can land on the reels during the Super Bonus Game are the Smeltdown and Collector symbols. Landing either a Smeltdown and Collector symbol anywhere on the reels during the Bonus Game will restore you to 4 lives.

Collector Symbols
Collector symbols have a value of 2 at the beginning of the Bonus and Super Bonus Games. At the end of the Bonus or Super Bonus Games, each Collector symbol pays out the value that they have, multiplied by the base bet

Merge
Any time two Collector symbols of equal value are adjacent to each on the screen, a random pair is chosen to be Merged.

Smeltdown
Any time a Smeltdown symbol lands on the screen, all Collector symbols are multiplied by the value of the Smeltdown multiplier. Any future Collector symbols are also multiplied by the Smeltdown Multiplier.

Buy Feature
The Buy Feature can be activated in Base Game only by paying 60x bet. You can buy entry into the Bonus Game by buying 3 Bonus symbols
By paying 330x bet and buying 4 Bonus symbols, you can buy entry into the Super Bonus Game.
The Bonus Game that you bought will be triggered by a base game spin which randomly awards at least as many BONUS symbols as were bought.
The Buy Feature may not be available in all markets.
