

After a day of soaking up the sun and riding the waves, where's the next stop? La Piña is the hottest club on South Beach and the only place to get your hands on the ice-cold Pineapple Crush!

This slot starts off chill like a lazy morning by the beach in the base game, but once you get into the Bonus round, it'll hit you harder than the gnarliest shorebreak. Feeling bold? Try your luck with the Gamble feature and turn those free spins into even more wins!

## Multiplier

In the base game, the multiplier increases with +1 every time a set of winning symbols is removed. In the Free Spins round, the multiplier increases with +1 for each winning symbol that's removed. The multiplier is not reset between rounds in the bonus game.

## Gamble

After winning the Free Spins round, you can gamble your existing Free Spins for the chance to gain more free spins. If you win the gamble, you level up your free spins with the value of a extra scatter. If you lose the gamble, you will lose your existing free spins.

You can gamble until you have leveled up to 5 scatters, or until you lose the gamble. You can collect your existing Scatters at any stage.

## Free Spins Bonus

When you get 3 or more Scatter symbols, the Free Spins bonus will start.

3 Scatter symbols will initiate 7 free spins

4 Scatter symbols will initiate 10 free spins

5 Scatter symbols will initiate 15 free spins

In addition, you can retrigger the Free Spins by landing 3 or more Scatter symbols.

3 Scatter symbols will retrigger and add 3 free spins

4 Scatter symbols will retrigger and add 5 free spins

5 Scatter symbols will retrigger and add 7 free spins

You cannot gamble retriggered Free Spins. The Free Spins Bonus continues until there are no Free Spins left.
