

SHIELDS
OF
LAMBDA

A wall of shields proudly displaying the Lambda symbol. Your symbol. The symbol of unity. The symbol of freedom. The symbol of Greece.

Shields of Lambda is a stunning, 5-high, 5-reel cluster-pay game that comes complete with a persistent Lambda Meter that fills to trigger the Unity feature, a Colossal Wild and the Ferryman's Free Spins round where the Unity feature has a growing multiplier.

LAMBDA SYMBOLS

Lambda symbols are randomly placed on the reels and if there are any wins, any Lambda symbols underneath the winning symbols will be removed and collected to the meter.

FERRYMAN'S FREE SPINS

Landing 3 or more Scatter symbols anywhere on the screen in the base game awards the Ferryman's Free Spins. 5 more free spins are awarded for every extra Scatter symbol, and you can risk their Ferryman's Free Spins entry in the gamble feature for a chance to start with 5 more free spins, up to a maximum of 20 free spins.

The Ferryman's Free Spins also has the Lambda Meter, the Unity Feature, and the Colossal Wild. During the Unity Feature, there is a progressive multiplier applied to the wins that increases by one with every winning tumble, starting at x1, with no upper limit. If the Unity Feature is retriggered, the multiplier does not reset and continues increasing by one with each winning tumble.

COLOSSAL WILD

In the event of a non-winning spin, the Colossal Wild may occur and a 2x2 wild symbol will be placed anywhere on the play area. The Lambda Meter is also filled during this feature.

LAMBDA METER

The persistent meter increases any time a Lambda symbol is associated with a win. In base game the player needs to collect 70 Lambda symbols wins to fill the meter. In Ferryman's Free Spins you need to collect 20 Lambda symbols wins. When the

meter is filled, the Unity Feature is triggered. The meter is persistent to each bet level and saved between sessions. Any additional collected symbols are carried over to the next meter collect.

UNITY FEATURE

The Unity Feature is triggered when the persistent meter is filled up. The screen is populated with one random low symbol, wins are paid out and tumbling reels take place adding the next symbol in hierarchy to the screen, this process continues until there are no further wins.

GAMBLE FEATURE

If you win the Ferryman's Free Spins with less than 5 Scatter symbols, you have the option to gamble and if you win the gamble, 5 more free spins will be awarded. If the gamble is lost, the Ferryman's Free Spins are forfeited and the game round ends. You can collect your current free spins at any stage.

BUY FEATURE

The buy feature can be activated in the base game only by paying 70x your bet, you can buy entry into the Ferryman's Free Spins with at least 3 Scatter symbols
