EPIC FISH: NET OF FORTUNE

(96%, 94%, 92%, 85%)

NET RESPINS

Landing a Wild with a Fish symbol triggers the Net Respin feature, locking these symbols in place while others Respin. New Fish and Wild symbols also lock and trigger additional Respins. The feature ends when no more Fish or Wild symbols appear, leading to the Fish Collection.

In the base game, this feature activates randomly, while it always activates during Free Spins.

FISH COLLECTION

Every Wild symbol that appears on the screen acts as a fisherman and catches all the Fish symbols on the screen. Every Fish symbol has a value on it and these values are added to the total win for that spin.

This feature is activated after the Net Respins, if any Net Respins are activated.

FREE SPINS

3 or more Bonus symbols anywhere on the screen will initiate Free Spins. 3 Bonus symbols will award 7 Free Spins and trigger the Perfect Catch bonus, 4 Bonus symbols will award 8 Free Spins and trigger the Fish Frenzy bonus, and 5 Bonus symbols will award 9 Free Spins and trigger the Fisherman Legend bonus. The Free Spins will play until there are no free spins left and cannot be retrIGGERED.

Each Free Spin round includes the features from the previous rounds.

During the bonus game, there is a meter on the top of the reel that collects Wild symbols. For every new Wild that lands on the reels, the meter increases by 1. Once the 6th or 12th Wilds are reached, 1 Free Spin is added, and the Free Spins round will upgrade to add more features.

PERFECT CATCH

During the bonus game, any Wild and Fish symbol on the screen guarantees the Net Respins and the Fish Collection feature afterwards. Collecting 6 Wilds will take you to the Fish Frenzy feature and give you 1 extra free spin. Collecting 12 Wilds will take you to the Fisherman Legend feature and give you 1 extra free spin.

FISH FRENZY

The Fish Frenzy feature can be triggered by landing 4 Bonus symbols directly or by 6 collected Wilds in the meter during the Bonus game.

Landing 1 Wild or more without Fish symbols will trigger this feature to replace some random symbols with Fish symbols through a shoal of fish. Collecting 6 additional Wilds will take you to the Fisherman Legend feature and give you 1 extra free spin.

FISHERMAN LEGEND

The Fisherman Legend feature can be triggered with 5 Bonus symbols directly or with 12 collected Wilds in the meter.

When landing any new Wild, it becomes Sticky for the rest of the Free Spins.

EXTRA BET

By activating Extra Bet for a cost of 2x your bet, it is more likely to land a Fish symbol on the screen and get Respins, increasing the chance to trigger the Fish Collection and the Net Respins.

Extra Bet can be activated in the Base Game.

Extra Bet may not be available in all markets.

The buy feature and the Extra Bet can not be activated at the same time.

BUY FEATURE

By paying 45x bet, you can buy entry into the Free Spins game with at least 3 Bonus symbols. This will trigger the Perfect Catch bonus.

By paying 100x bet, you can buy entry into the Free Spins game with 4 Bonus symbols. This will trigger the Fish Frenzy bonus.

By paying 250x bet, you can buy entry into the Free Spins game with 5 Bonus symbols. This will trigger the Fisherman Legend bonus.

Not all Buy Feature levels are available in all markets.
