(96%, 94%, 92%, 87%)

FISH COLLECTION

Every Wild symbol that appears on the screen acts as a fisherman and catches all the Fish symbols on the same screen. Every Fish symbol has a value on it. The values on the fishes on the screen are added to the total win for that spin.

BONUS SYMBOL

In the base game Bonus symbols appear anywhere on the reels. 3+ symbols trigger the Free Spins Bonus.

FREE SPINS

3 or more Bonus symbols anywhere on the screen will initiate Free Spins. 3 Bonus symbols will trigger the Winter Spins bonus, 4 Bonus symbols will trigger the Tight Lines bonus and 5 Bonus symbols will trigger the Golden Pollock bonus. In any case, 12 free spins are awarded and the Fish Collection feature is present. The Free Spins will play until there are no free spins left and can not be retriggered.

WINTER SPINS

During this bonus game, 1 extra free spin is awarded for every 4 Wild symbols collected.

TIGHT LINES

This bonus game awards 2 extra free spins for every 4 Wild symbols collected. Every Wild symbol on the screen triggers the Fortified

Wilds feature, sticking them on the same position of the screen for one extra spin.

GOLDEN POLLOCK

3 extra free spins are awarded every 4 Wild symbols collected. Every Wild symbol that lands on the screen will also trigger the Fortified Wilds feature. There is also a Golden Fish that can land on any spin and any reel, which can take part of the Fish Collection feature and therefore be caught by the Wild symbol when they land on the same free spin. The Golden Fish increases in prize every time it lands.

EXTRA BET

By placing an extra bet, the default betsize doubles. Activating the extra bet mode allows the player to double their bet and increase their chances of landing scatter symbols.

BUY FEATURE

You can buy entry into Free Spins.

By paying 40x bet the feature will trigger with 3 or more Scatters with the same frequency as when triggering it by chance.
By paying 95x bet the feature will trigger with 4 Scatters with the same frequency as when triggering it by chance.
By paying 250x bet the feature will trigger with 5 Scatters with the same frequency as when triggering it by chance.

The Free Spins works the same as when triggering by chance. Buy Feature may not be available in all markets.
