

The image features a vibrant savanna scene with golden grass, acacia trees, and a lion roaring on a rock. A yellow snake is visible in the lower left. The title 'SAVANNAH FORTUNE' is prominently displayed in the center-left. 'SAVANNAH' is rendered in large, 3D wooden block letters with a blue diamond-shaped ornament on top. 'FORTUNE' is in smaller, bright yellow 3D block letters below it.

SAVANNAH

FORTUNE

For generations, tales have echoed across the golden plains of Africa—whispers of Seaduma, the lion; wild, fierce and untamed.

In Savannah Fortune, Seaduma takes center stage as the Wild Lion symbol, appearing across all reels and always expanding to dominate them. When three or more of these mighty beasts appear, the Free Spins Bonus begins, unleashing 10 spins where Hunting Reels build massive multipliers and unlock extra spins.

WILD LION SYMBOL

This game is all about Seaduma, the Wild Lion! This symbol appears on all reels, substitutes for all symbols, and always expands to cover the reels.

FREE SPINS BONUS

3 or more Wild Lions will kick off the Free Spins bonus with 10 free spins! All triggering reels become Hunting Reels, building up huge Multipliers and awarding extra free spins along the way.

During Free Spins:

Any Wild Lion that lands on a Hunting Reel will increase the win multiplier by +1

Any win that includes a Wild Lion on a Hunting Reel gets multiplied by that reel's multiplier

Hunting Multipliers are multiplied by each other, so if you land a Wild Lion on 3 Hunting Reels with x3, x7, and x2, and a win involves all those reels, the total multiplier will be x42 (3 x 7 x 2)

Every time a Hunting Reel reaches a Multiplier of x5 (x5, x10, x15, etc.), 2 extra free spins will be awarded

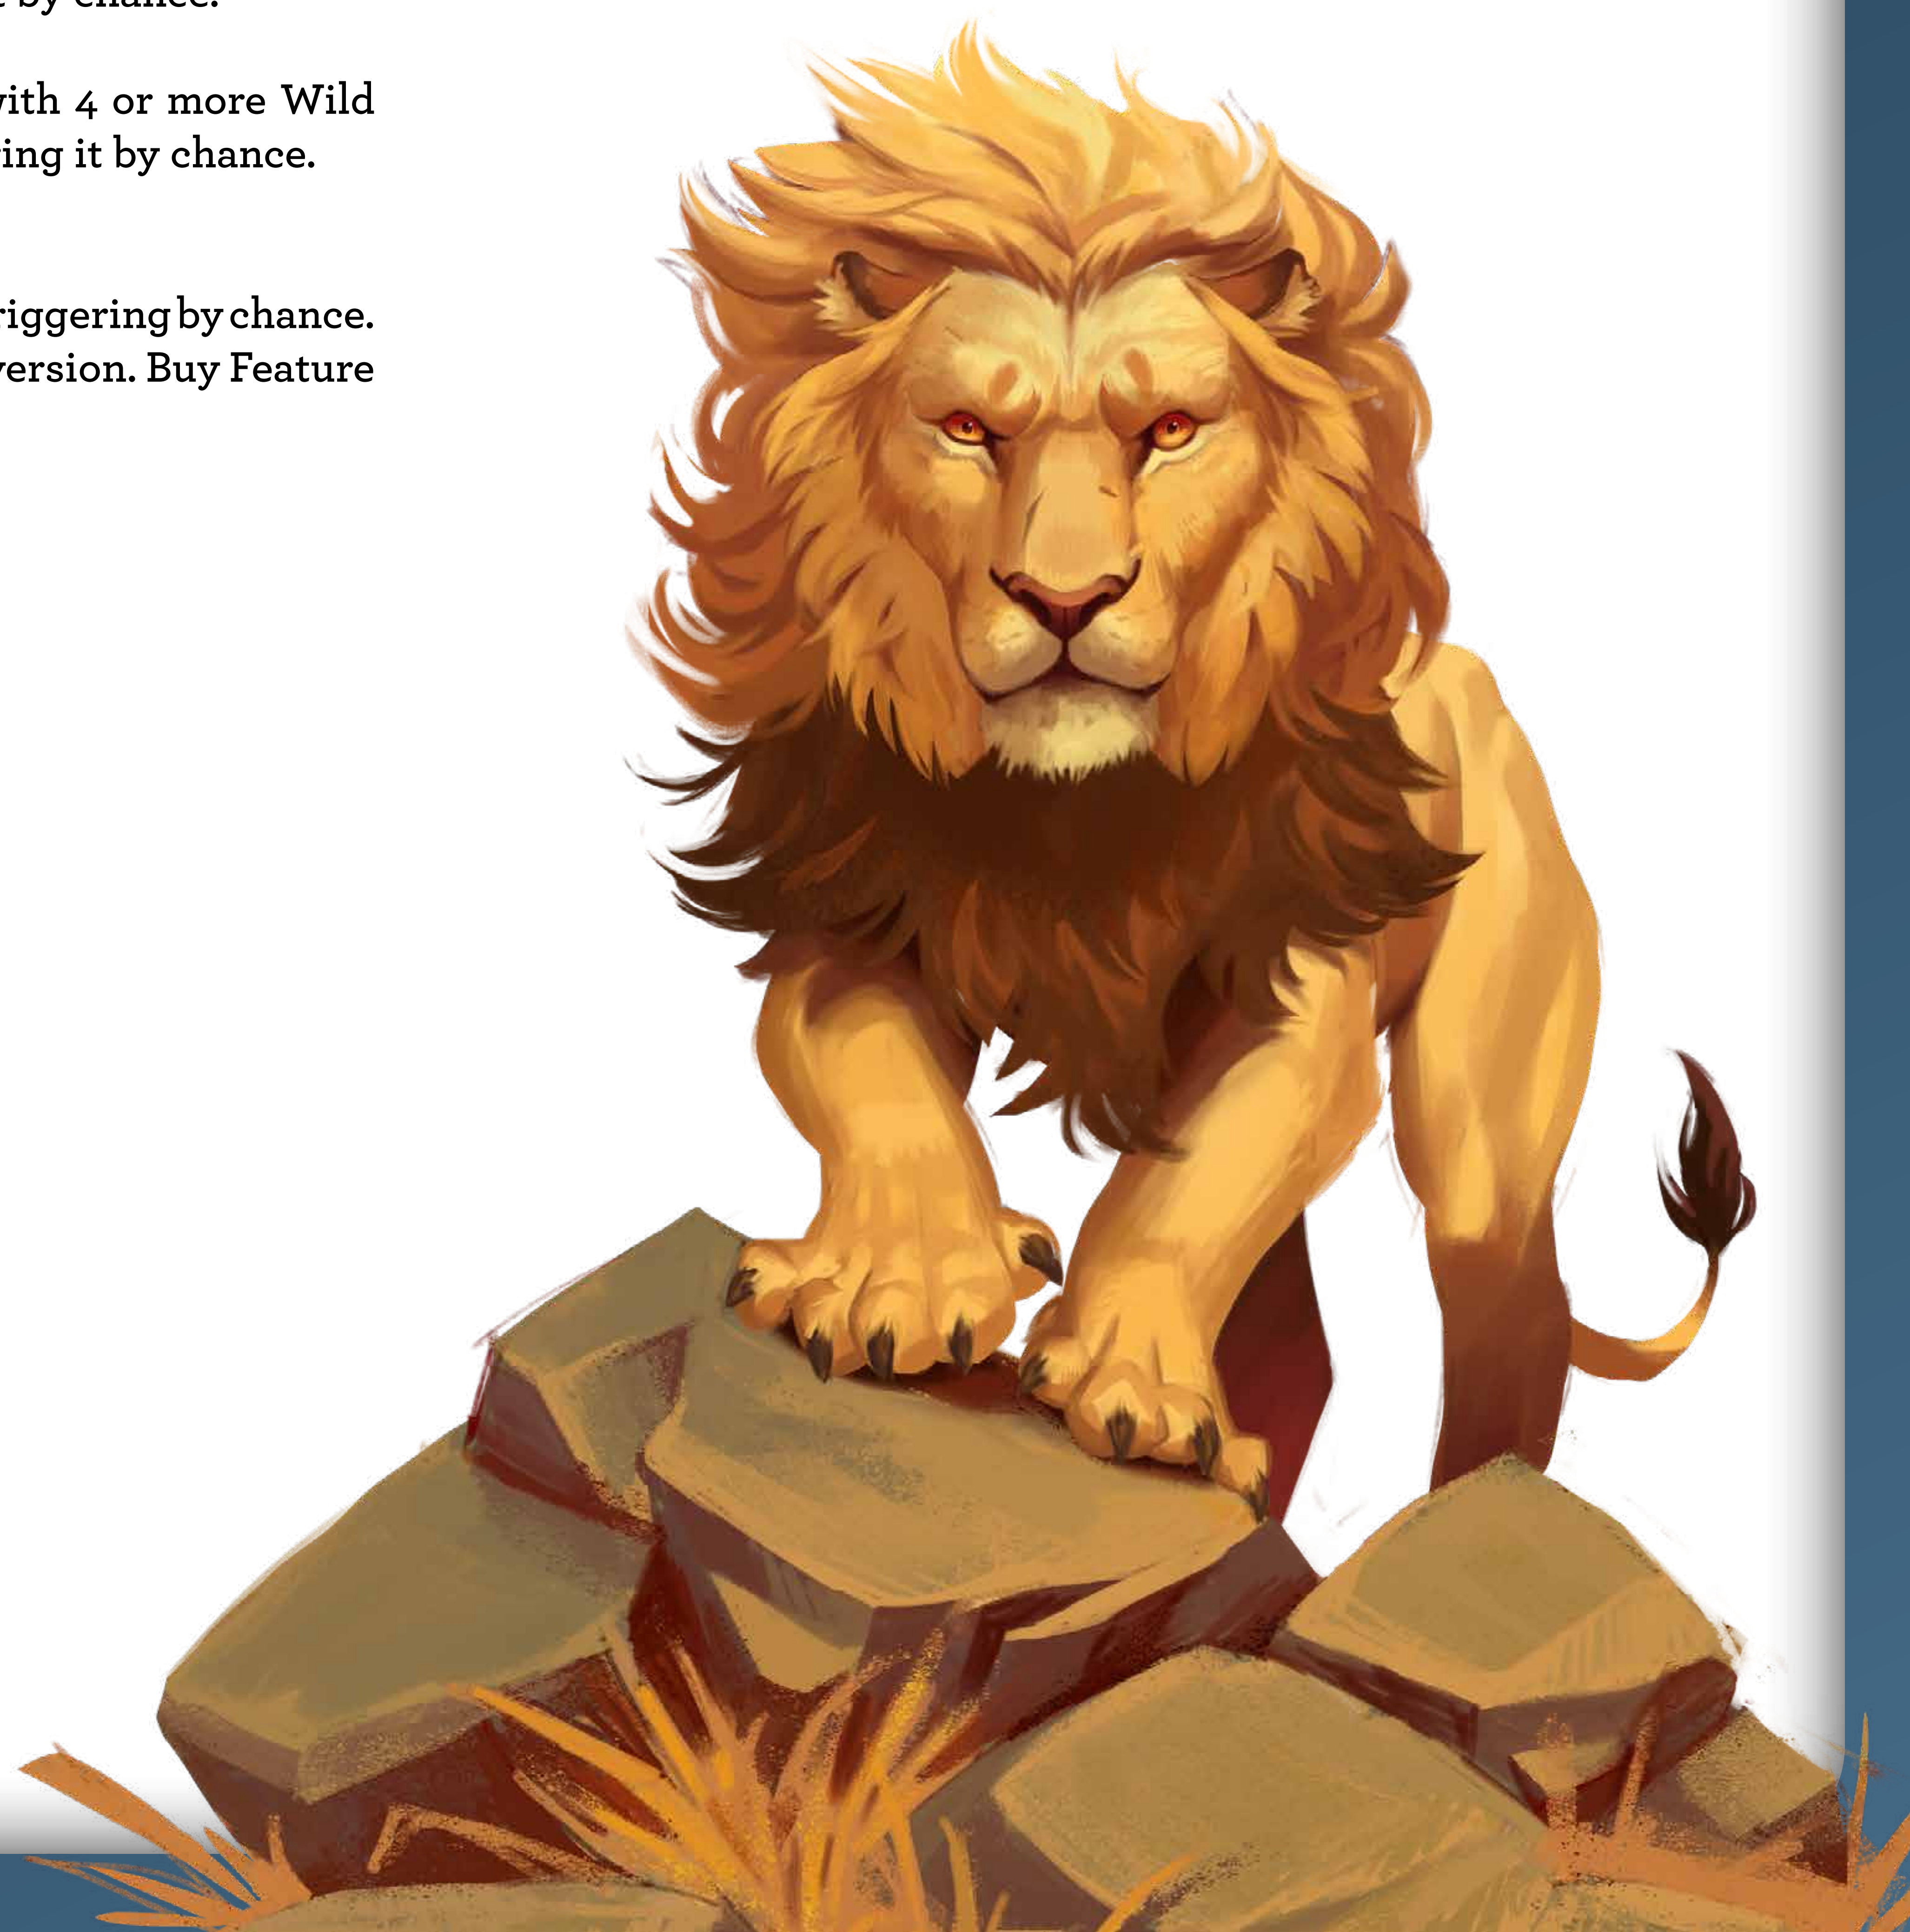

If a max win is achieved, the bonus game will end and you'll be awarded this amount

BUY FEATURE

By paying 80x bet the feature will trigger with 3 or more Wild Lion with the same frequency as when triggering it by chance.

By paying 200x bet the feature will trigger with 4 or more Wild Lion with the same frequency as when triggering it by chance.

The Free Spins round works the same as when triggering by chance. This feature is only available on the 96% RTP version. Buy Feature may not be available in all markets
