

Wild Beans

Lost in the wilderness of time and space, there sits a land so sweet. A wild land filled with magic, myth, and mystery. A land where a tyrant king, filled with sourness and hate, has ruled with an iron fist for far too long.

This is the tale of the Pod Squad, a group of Wild Beans blessed by the magic of ancient Candoria herself, and their legendary trek along the Sugar Trail to overthrow the tyrant King. Aided by their magic powers, you can guide them on their quest to free all of Candoria and restore it to its natural, wild beauty.

WILD BEAN FEATURE

A Wild Bean Feature can trigger randomly on any spin in the game and will activate its feature before any payout.

There are 6 different Wild Bean features found in the game. Four in the base game: Cash Wild, Tall Wild, Big Wild, and Random Wild. The Free Spins Feature includes all base game wilds as well as two exclusive Free Spins Wilds: Multiplier Wild and Diagonal Wild.

In the base game, only one type of Wild Bean feature can appear per spin, and only one instance of that type. This does not apply during Free Spins, where up to three Wild Bean features or instances can trigger on the same spin.

TYPES OF WILD BEAN FEATURES:

MULTIPLIER WILD: Places a random multiplier value on itself. All line wins that include the Wild are multiplied by the multiplier. If a line win is affected by multiple multipliers during Free Spins, the total multiplier for that line win is the sum of the multipliers. Possible multipliers are: 2x, 3x, 4x, 5x, 10x, and 100x.

CASH WILD: Places a random payout value on itself, which is paid out whenever there is at least one line win on the Wild in addition to the normal wins. Multiple line wins on the same Wild do not result in multiple Cash Wild payouts. Possible payout values are: 1x, 3x, 5x, 10x, 20x, and 100x bet.

TALL WILD: Fills all tiles in a random column with Wilds.

DIAGONAL WILD: Fills the tiles in a diagonal line with Wilds.

BIG WILD: Fills a 2x2 area with Wilds.

RANDOM WILD: Places 3-5 Wilds in random spots on the reels.

FREE SPINS FEATURE

Landing 3, 4, or 5 Bonus Symbols in the base game awards 10, 12, or 15 Free Spins, respectively. One additional Free Spin is added for every Bonus symbol that lands on the play area during the Free Spins round. The Free Spins round also includes the Wild Beans, where each feature behaves as it does in the base game.

Unlike the base game, more than one Wild Bean Feature can activate during the same spin, and they can be of the same type or different types.

PICK'N'CHOOSE

Before the Free Spins Feature begins, you can choose one of three different Free Spins rounds. Each Free Spins round unlocks a different set of Wild Bean features.

BUY FEATURE

The Buy Feature can be activated in the base game only.

By paying 50 x your bet, you can buy entry into any of the different Free Spins games with at least 3 Bonus symbols.

By paying 100 x your bet, you can buy entry into the King's Castle Free Spins game with at least 3 Bonus symbols.

Not all Buy Feature levels are available in all markets.

EXTRA BET

The Extra Bet can only be activated in the base game.

By activating Extra Bet for a cost of 1.4x your bet, you increase the chances of triggering the Wild Bean Feature.

The Buy Feature and Extra Bet cannot be activated at the same time.
